

# CREATURE COMFORTS

## PICKLE POCKET

This treat dispensing toy has a variety of uses. Stuff it with kibble and it can reduce boredom and anxiety behaviours. It's made from virtually indestructible material so it's perfect for powerful chewers. It's also fun for retrieval games as it bounces erratically and floats in water.

## DIAMOND DOG DELICIOUS COOKIE MIXES

From Melbourne based dog bakery, Diamond Dog comes these easy to mix and bake cookie mixes. Preservative free, all natural ingredients and all good for your dog. The mix comes in yummy flavours—Chicken Parma, Fruit, Nut & Yoghurt, Roast Beef & Veges and Tuna Sushi and you'll get about 40 biscuits per mix.

## MODKAT FOR THE MODERN CAT

Who says a litter box can't embrace form as well as function? The ModKat Litter Boxes modern design compliments any room, while the enclosed base and "rooftop access" allows your cat the privacy needed to do his or her business. Comes in a variety of colours.

## BOTANICAL HAY FOR HEALTHY CRITTERS

Good quality Timothy Hay is vital for digestive health in rabbits and guinea pigs. Preservative and additive free Botanical Hay has added chamomile, lavender, lemon balm and clover for variety. Botanical Hay should be mixed with other grass hays and contains stems, leaves and limited seed heads.

## GET SOME SPRING IN HER STEP

Nutrience Older-Light cat food is for the aging feline in your life. Chicken is the main ingredient and has glucosamine to support healthy joints and relieve arthritic pain. Nutrience food has no by-products and no fillers—just honest ingredients.

## A LIGHTWEIGHT HOODIE FOR SPRING EVENINGS

Be an animal wearing this gorgeous lightweight hoodie with leopard print and love-heart appliqué.
